Rope - Mahogany

Rope - Blue/White

Rope gives you the best of both worlds. Neither too ornate nor too simplistic, it's a happy medium that's versatile enough to complement almost any conservatory's décor.

Egg & Dart - Golden Oak

Egg & Dart takes your conservatory back to its origins. The embossed design is reminiscent of the luxurious drawing rooms of Victorian and Georgian times – eras when conservatories first started to enjoy widespread popularity.

Floral - White

Your conservatory can give you a grandstand view of nature – and not just through the windows. Bring a sense of natural beauty into your favourite room with the addition of stylish and sophisticated Floral trims.

Greek Key - Mahogany

For years, the art and buildings of ancient Greece have influenced generations of artists and architects throughout Western Europe. Now you too can enjoy the unique style and splendour of this gone but not forgotten age with the Greek Key design.

Plain - Rosewood

If you want to realise a modern, sleek and minimalist look, Plain equates to the perfect choice. Simple lines combined with understated detailing give this design a truly timeless appeal.
